AUGUST 1996

SURVEY ON CLUB SHIRTS

As you know we have offered silk screened club shirts in a variety of colors over the past few years. They have sold very well. There are several club members who have expressed interest in having an embroidered club shirt to offer as well.

WE NEED YOUR INPUT! And we need it quickly if we want to have embroidered shirts in time for the September show. Please call Joe or Margy Spivey to express your views on the following issues:

- 1) Are you **FOR** or **AGAINST** the club coming up with a new official club logo different from the one used on our silk screened shirts?
- 2) Would you pay \$6 to \$10 more for a club shirt that is embroidered instead of silk screened?
- 3) There is some interest in declaring an official club shirt color that we would wear on show day and to other shows (to clearly show that we are from the same club).

Are you **FOR** or **AGAINST** having a designated official club color?

- a) If yes, would you vote for White, Blue or some other color?
- b) Would you be more inclined to buy the official

'65 Mustang Fastback, 6-cylinder, auto, a/c \$2200
'64 1/2-'66 Mustang "pre-owned" parts
Call Joe Spivey @ 790-7817.

Pony Of The Month
1966 Coupe
Owned by Kenneth & Gerry Perry

By Bob Powers

This month's pony is being built to drive, not to show; but seeing the restoration in progress makes it hard to believe. The Springtime Yellow paint job sparkled even in the morning cloudiness of the day. Although the 'Stang is still in the unfinished state, it doesn't lack much to being finished.

The Perrys have been members of The Music City Mustang Club since last year's Cool Springs' Show. Kenneth and Gerry acquired their car in the Summer of 1990 and brought it home in fairly good shape.

A new black vinyl top will be added to bring the car close to it's original condition. The factory air will also be reinstalled. The 289 automatic Mustang had only been driven once to get it home on the day it was bought. Kenneth plans to add some GT components like the rear valance, GT500 Mag wheels and pony interior.

Having rebuilt the engine, transmission, and rearend himself, Kenneth and his wife Gerry, can be very pleased with this month's pony.

To be or not to be (The Pony)

In the last several months, I have talked to some club members about being on the Pony of the Month list. The feedback has often been that they don't think their car is a show car. This is not what the pony column is all about. This is mainly for members having a chance for their car to be profiled in The Legend.

Although many of the previous cars have been trophy winners, the only restrictions are that it has to be a Mustang and has to belong to a club member. Anyone wishing to be added to the list can reach me at a meeting or call me at 356-8044. All club members are welcome.

Robert Powers

MCMC SHOW UPDATE

On Friday, September 27, MCMC will have catfish 'n such catered by Uncle Buds. There is no charge to members and their immediate families who are **WORKING THE SHOW** or who have **ENTERED A CAR IN THE SHOW**. If you will be present for dinner, please notify Joe Spivey (RSVP) by September 20 @ 790-7817.

WE NEED VOLUNTEERS TO WORK THE SHOW!!!!

ROAD TRIP "JOURNEY" TO LIME ROCK, CONNECTICUT

Submitted by Jane Craig

The Tennessee Shelby Automotive Club and Music City Mustang Club were well represented at SAAC-21 in Lime Rock, Connecticut July 1-6. Those present included Ron & Susan Sullivan, Lisa & Jim Chism, Mark & Jane Craig, and SAAC-TN Members Bill & Allison Parish.

The adventure began for Lisa, Jim, Jane & Mark on Thursday, June 27 with lunch at Cracker Barrel with Al Cole sending the party off. Jim's 1967 Black "Skunk" Shelby and Mark's 1966 Shelby were loaded in Jim's double car trailer and headed East on I-40. They arrived in Sharon, CT on Friday night.

Saturday & Sunday were spent seeing the sights such as Mark Twain's home in Hartford. Sunday evening, Susan & Ron Sullivan, and Susan's family, treated everyone to a delicious dinner in Torrington. Great food and a great time was had by all.

Jim and Mark were enrolled in the Skip Barber Racing School on Monday. They learned about early and late Apex turns, threshold breaking, turn exit speed, and just how to be smooth at speed. While they were enjoying school, Susan, Ron, Lisa & Jane enjoyed a trip to Stockbridge, Massachusetts to the Norman Rockwell Museum. They arrived back at the track late in the day just in time to see Mark's Shelby start spitting antifreeze all over the track. It was not a pretty sight!

Tuesday morning Mark's problem was diagnosed as a timing cover failure. He was able to repair it and take the late session of track time. Jim had a small problem with loose strut rod bushing but was able to get back on the track also. It was time for the girls to leave!

With an invitation from Susan & Ron to join them at Cape Cod, Jane & Lisa jumped at the chance. They spent 3 relaxing days at The Cape. Even with the cool, down right cold, weather (High 60 degrees), they enjoyed themselves. The boys also had fun with track sessions in Lime Rock.

Thursday, July 4, Lisa & Jane returned in time to ride the final session of track time. Well, let's just say, they did it and they have no interest in doing it again!!!

Friday, Bill & Allison Parish arrived. The weather was beautiful. The girls enjoyed relaxing and people-watching; while Bill & Jim had track time and Mark rode with others. Friday night The Parishes and The Chisms attended the SAAC Convention Dinner. Bill gave his usual comical and entertaining rendition of the insurance business.

Saturday was the car show. Bill & Allison stayed for that, flying home on Sunday. Meanwhile Jim, Lisa, Mark and Jane made the long 1000-mile journey home!

SAAC-21 was a great time for all and as usual the trip home was longer than the trip going.

From The Editor:

Due to a death in the family, our new club scanner was not used in this month's issue of The Legend. We're learning all about how it works, and examples will be featured in next month's newsletter.

*Thanks!
Lynne Cole*
