### Club Member Profile Submitted by Margy Spivey

Mark & Jane Craig met while they were attending The University of Tennessee at Knoxville. They were introduced at a "Rush" party. They dated about 1 1/2 years before they were married. Less than three months into their marriage, they had the ultimate test of love... Jane did some serious damage to her knee. After three surgeries and a move home to her parents, they were still in love! That was 12 1/2 years ago.

Mark was raised in Brentwood and Jane in Nashville. In the early years of their marriage they lived in Virginia, West Virginia, and Georgia before they finally came home to Nashville.

Mark is employed by the Dana Corporation. He sells Victor gaskets to auto distributors who in turn sell to parts stores. His job takes him into Alabama, Kentucky, Indiana, and Tennessee.

Jane is employed by the Severin Group who is licensed to manufacture Gucci time pieces.

She works with department store buyers providing product knowledge at the store level. Her job takes her to Arkansas, Alabama, Mississippi, Virginia, Kentucky, and Tennessee.

Jane's hobbies include reading, tennis, genealogy research and home improvements. She spends lots of time with her parents on the family farm in Wayne County, Tennessee.

Mark's hobbies include Mustangs, complete restorations from welding to engine rebuilding, and salvaging car bodies for parts.

The Craigs have a '66 Shelby and a '64 1/2 260 convertible. When I asked what their long range dreams included, I found that Jane would like to have a horse, and Mark would like to have a Mustang garage.

## Pony Of The Month

### 1968 Shelby GT350

Owned by Gene & Kay Shields

By Bob Powers

The Shields' Shelby is another example of perfect workmanship. This month's pony is a bright candy apple red '68 Shelby GT350 with black interior and a top loader 4-speed close ratio transmission. The limited slip 31 spline rear end is unusual, as it is normally only found in the big block cars. The power-plant is a 302 250hp with cast iron intake. The ground up restoration took over two years with almost all the work being done by Gene & Kay.

The Shelby was acquired in 1988 after a long search through Moore County. Gene tracked down the owner, Terry Hart, who worked for Jack Daniels Distillery in Lynch

burg, and a deal was struck. The car was in original condition with the exception of the radio and carburetor. Gene replaced them to make the package complete.

After the restoration was finished the car's odometer was rolled back from it's 78,000 original miles and started at zero.

The extensive collection of trophies are almost all first place. The only exception is one second place (I'd like to see what it took to beat this beauty). The most cherished of the trophies is the Sponsor's Choice Awards from the 1995 SAAC-TN and 1995 Music City Mustang Shows. Another very memorable award is the First Shelby Show in Nashville, Indiana where it took Popular Choice in the GT350 class.

The Shields are original members of MCMC and can be very proud of their award winning, low number Shelby.

## ROAD ATLANTA RACE TRIP

By Lynne Cole

Members of MCMC were present at the Historic Sportscar Race (HSR) in Atlanta, Georgia April 26-28. One member of MCMC was there to actually race?!?!?

Al Cole's 1966 GT350 racecar arrived on April 19, just in time to show at the SAAC-TN show at Moss-Wright Park. After intense preparation, the car was loaded on the trailer and headed for Atlanta. After two days of HSR school, Al had his "license to kill"... to race....

007

Bill & Todd Parish, insurance man & son, were also racing in their Austin Healey Bug-eye Sprite. Bill has been involved in racing for many years, and is Guru to The Roadapple Racing Team.

Pit crew members present were myself, Mark Craig & Mike Strinich, also SAAC-TN members Gary Alsobrooks and Carl Phillips. The crew was always ready by 12PM, no matter what time the car had to go on track (The Noon-Hour Pit Crew). Actually, once we got the hang of things, we did a pretty good job!!! Thanks guys!!!

The most fun came from the parties!!! Those HSR folks sure know how to play! We all had a great time, and we're looking forward to the next race.

Not only was it a fun weekend, but it was a successful weekend as well. Someone defined successful as when you drive your car out of the trailer AND you drive it back on the trailer! To top things off, Al finished second in his class winning a prize for his first race!!!
