## Message from the President

Hello. My name is Rick and I will be your chauffeur. Where would you like to go?

Even though a chauffeur drives the vehicle, it is the passenger who controls where the vehicle goes. How does this pertain to the Music City Mustang Club? As your president, I will be "driving the bus" but it is the group who will decide where we go. So, where do we want to go? In the next couple of months, I will present a questionnaire in the newsletter for all the club members to answer and provide me some "directions" on which way the club wants to go.

On another note, I hope everyone takes a few minutes to thank Jim and Lisa Chism for all of their support and dedication over the past three years. As I am finding out, it takes a tremendous amount of effort to run this club (especially during a National show year).

Speaking of shows, the 2001 - A Nashville Odyssey and the Open Track Event were a huge success. We had over 300 cars enter the show and almost 50 cars at the track! I put in a request for nice weather from "The Big Guy" and he came through for us. We had rain the day before the show and the day after the show but no rain during the show. In addition, I would like to thank everyone that helped work at the show and track especially since we were short handed. Without your untiring efforts and dedication, these events would not have been as successful.

Over Memorial Day weekend, Steven Tyler of Aerosmith sang the National Anthem for the Indianapolis 500. At the end of the song, instead of singing "home of the brave", he sang "home of the Indianapolis 500." While this was meant to be a humorous tribute to that race, many people became upset at the action. I, too, like to use humor -- sometimes too much. As one club member says, "Rick, you've got a million of 'em and a couple are funny." If I ever am joking around and say or do something that offends you, please let me know. Just as Mr. Tyler did not intend to upset anyone, so do I.

Your chauffeur,  
Rick

## *The EX-Files!*

I want to take this opportunity to say that it has been a pleasure to serve as your president for the past several years. This club has come a long way and reached a level of National prominence that it rightfully deserves. You are all to be commended for your hard work and effort to make this a reality.

My vision for the club may differ from yours, but I think that we all have one underlying philosophical basis to draw from and that is to make this club stronger, and more family oriented. Each and every one of us has something to give to this club and that individual input is what makes the moral backbone of the club. Never forget where we have been, but also, do not ignore where we are headed.

Some of us have had our differences in the past, hatchets have been buried and life goes on. I ask that all of you rally around the new leadership of the club and help them propel the club through the next several years with a renewed sense of purpose and a new vision of what this club can really be. All I have ever wanted for this club is for it to realize its true potential and grow. Over the years, we have shared good times; we have shared bad times; and those memories of our shared experiences will stay with us for our lifetimes. We have laughed together and at times we have cried together over the loss of a loved one, but we did it as a family. That family unity is what will sustain this club.

I would also like to thank all of you who have helped me through some difficult times over the years, your friendship has been a steady beacon in the fog. As I have stated on several occasions in previous newsletter, your friendship alone has made being a member of this family all worthwhile. That is what Mustanging is truly all about, Friendship!

I bid you all a farewell and a wish for the future. That wish is that each and every one of you be as blessed as I have through the friendships that you will gain by being a member of this very special family, The Music City Mustang Club family. Special, very special indeed.

Jim

## **COOL SPRINGS CRUISE-IN MISS MOLLEY'S ICE CREAM PARLOR BROADWAY DRIVE-IN at DICKSON JULY 21**

*Submitted by Rick Bosshart (rickandi1@juno.com)*

**YOU SCREAM, I SCREAM, WE ALL SCREAM FOR ICE CREAM!** On July 21, all MCMC members are invited to partake in July's activity. Some of you have frequented the Cool Springs Cruise-In (formerly known as the Backyard Burger cruise-in) while others have not. Since the Mustang is an endangered species at this site, why not join the group and let's make a large and grand showing? After the cruise-in, we will drive over to Miss Molly's Dipping Parlor in Fairview for a sandwich, ice cream, or both. After that we will continue onto the Broadway Drive-In near Dickson (provided the movie is worth seeing). Please remember this is your club and it needs your support of these activities.

We will meet at the Cracker Barrel in Franklin at 4:00 p.m. and leave shortly thereafter. The directions from Nashville are as follows: **I-65 SOUTH to EXIT 65** (State Highway 96). Turn **LEFT** on **HIGHWAY 96 EAST**. Turn **RIGHT** immediately past the **TEXACO GAS STATION**.

If you prefer to meet us along the way, we will leave for Miss Molley's at 5:45 p.m.; it is west of I-40 on Highway 96. We will leave for the drive-in at 7:30 p.m.; it is located on U.S. Highway 70 east of Dickson but west of White Bluff.

If the weather is questionable on that Saturday or if you have any other concerns, please call me, Rick Bosshart, at 615-595-6226.

**NEXT MEETING:** *Thursday, June 21, 2001*  
*at Piccadilly Cafeteria on Murfreesboro Road @ 7pm.*

## EVENT

June 23, 2001

Music City Mustang Club  
 Sullivan's 3rd Annual BBQ Picnic  
 1:00 PM

 Interior.

Call Marty @ 615-491-0828

16" American Racing 5 spoke chrome wheels with 16/55 Goodyear  
 Tires. Asking \$1,000 obo.

## LOCAL CRUISE-IN SITES

Submitted by Rick Bosshart (rickandi1@juno.com)

Below is a list of local cruise-in sites. Please contact me if you would like to see a site added.

### COOL SPRINGS (formerly known as Backyard burger)

Located at the Cool Springs Galleria in Franklin  
Every Saturday night starting around 4:00 p.m.

### MT. JULIET SONIC

Located at the Sonic Drive-in on Mt. Juliet Road next to the High School  
Every Saturday night starting around 4:00 p.m.  
Contact: Bill or Bobbi McCall, 615-871-4620

## SULLIVAN'S PICNIC

**HEY YOU!** Yes, you. How would you like to attend the annual Sullivan's picnic? Great! Let me give you the details. On June 23, Jerry & Lou Sullivan have invited all MCMC members to attend a picnic at their house in Joelton. The menu will be BBQ pork with all the fixins'. Doesn't that sound tasty? The club will provide the BBQ, buns, condiments, chips, sweet and unsweet tea, plates, forks, cups, and napkins. You will need to bring your appetite (of course), your own drinks if you do not want tea, a dessert, and some chairs to sit upon.

The picnic will begin at 1 p.m. The directions from Nashville are as follows: **I-24 WEST** to **EXIT 31** (New Hope Road, State 249). Turn **LEFT** on **NEW HOPE ROAD**. Turn **LEFT** on **CLARKSVILLE HIGHWAY (US 41A)**. After about 5 miles, turn **LEFT** on **HARPER ROAD**. After about 1/2 mile, the Sullivan's house will be on the right at 7198 Harper Road. Their telephone number is 615-876-4711.

If you have any questions, please contact Rick Bosshart at 615-595-6226. Bon appetite.

## My First National Show

*Submitted by Scott Lickteig*

Yes, our national show was my first; as well as my Shelby's. Never having the opportunity to go to one, let alone work one, I was looking forward to viewing a sea of Mustangs. Well, it started Thursday night as we set up the parking lot of Sears. After getting the flags and cones out we set forth the task of building a show site. Flagging off the area so no one other than the MCA could get in and attempting to get the customers cars out proved to be a real job. Once all the area was cleared, or as best we could, the task of constructing the MCMC headquarter tents began. Ever wonder how many members it takes to build a tent and try to get it right? Six and Rick directing. Just kidding Rick.

About 8:45pm Thursday, we had most of the items ready.

6:00 A.M. Friday morning. While driving to the show site I spotted 10 trailers all heading the other direction towards the Open Track. Boy it sure would have been fun. Oh well. Finally I arrived at the site and put my Shelby in tech inspection.

By 7:00 A.M. most everyone was in place and we received our tasks. I was lucky and worked the tech inspection. I was instructed in the list of items that were to be checked.

By 8:30 A.M. the cars started rolling in and in and in. Remember, I was looking forward to seeing the sea of Mustangs but not this way. Before I knew it the day was over and we had 160 + Mustangs on site. Cool.

Saturday morning and I arrived at 6:15 A.M. This was the only time I thought to get my car cleaned and ready for the judges.

Shortly after 7:00 A.M. I was getting ready to tech some more vehicles. Just as Friday, the cars just seemed to keep rolling in and in.

11:55 A.M. and the show site was filled with 313 Mustangs. Now I was hoping to walk round and take in the beauty of the cars. Ya right. Before long I was asked to assist in judging. So I really got a chance to see some of the cars.

4:30 P.M. with judging completed and very tired feet the day was over. No, not yet. The fish fry had to set up and worked. Boy these days get long.

9:00 P.M. finally heading home.

6:30 A.M. Sunday and I was back for the last day. Now its time to look at the cars, or is it? Well the clean up of the previous days grounds and the fish fry need to be finished.

12:00 P.M. the people are at the banquet so now I can look at the cars. Well many of the cars were leaving so not too many to view.

2:30P.M. the awards

4:30 P.M. clean up and put things back in the trailer for the next show.

6:00 P.M. done with all the work; so where are the cars?!!!!!!

All kidding a side this was an eye opening experience. I have worked shows before but not one of this size and a national one as well. I would like to thank everyone who helped, worked and planned this show. I really never thought a national was so involved and required as much work but I still would not have missed it for the anything. Well maybe a million dollars.

One final note, Forrest from the MCA judging team wanted me to pass along his thanks to the tech staff. In his view we got the cars through quickly and without any major problems. He as so added that this was the best team he had seen in sometime.

Oh, by the way where are the cars?

## COOL SPRINGS GALLERIA CRUISE-IN

*Submitted by Rick Bosshart (rickandil@juno.com)*

How many of you have attended or heard of the car cruise-in site at Backyard Burger in Franklin? While the cruise-in still happens every Saturday night from April until October, the location has changed to the Sears end of the Cool Springs Galleria. If you have not had the chance to witness this get together, you are missing a lot of cars -- probably 300 to 400 of them! The cruise-in normally begins around 4 p.m. Later this year, I am planning a club activity to this cruise-in. Hope you have a safe Memorial Day holiday.

*Bread*

**Angel Biscuits**  
Submitted by Lou Sullivan

The only kind of biscuits we would want for special occasions or whenever we could talk someone into making them.

- 2 Cups Flour
- 1 tsp Baking Powder
- 1/4 tsp. Soda
- 2 Tbsp. Sugar
- 1/2 tsp. Salt
- 1/4 Cup Shortening
- 1 Cake Yeast
- 1/4 Cup Warm Water
- 3/4 Cup Buttermilk

Mix together sifted flour, baking powder, soda, sugar and salt in mixing bowl. Cut in shortening. Soften yeast in warm water. Add yest and buttermilk to flour mixture; mix well. Turn out onto floured board and knead about 1 minute. Add additional flour to make a nice dough. Roll to 1/4 inch thickness and cut with biscuit cutter. Place on greased baking sheet and allow to rise about 1 hour. Bake in hot over 425 degrees about 12 minutes.
