PRESIDENT'S MESSAGE

Its Cookout Time in Tennessee!

Summer is winding down, the kids are back in school, and they are about to tee it up in football for another season. What better way to kick things off than to have our annual Summer Cookout. Its that time again. Ole Jerry and Lou have cooked up some delicious vittles. The club will supply the meat and fixins, you need to bring a drink and a side or desert. The spread will start about 1:00.p.m. on Saturday August 23rd. You can show up most anytime, I am sure Jerry can find plenty for you to do. I hear he has a new tractor and a lot of grass that

needs cutting. Only kidding. Most folks will gather a little before noon and socialize until time to eat. Bring the kids and plan on having a lot of fun.

At the meeting, we will have maps and pictures with circles and arrows on the back detailing how to get to the Sullivan Home for the big Chow down. Be there and get all the details. If you need directions or cannot make the meeting, give me a call and I will try and get you directions.

See you there.

—Jim

I have included a map to the Sullivan's on page 3—Wes

CHECKING THE REARVIEW MIRROR

By Jason Boshers

The more things change; the more they stay the same. As I look through past issues of the club newsletter I find this to be very true.

Some of the changes are evident. Twenty years ago the newsletter was named "The Stampede" now it is "The Legend". The President was Robert M. Whitley. The V.P was Howard Watts. The Treasurer was Joseph Whitley. Becky Brumfield was the Secretary and the Board of Directors were Connie Gatley, Gene Shields, Gary Bridges, Gary Alsobrooks and Mike Daniels. One of the stories that month was the Bowen Campbell Auto Expo that was to be held on the 28th of August. It seems that the Mustang club had been challenged by the Nashville Corvette Club to see who had the most club participation. I looked in the newsletters of the months that followed to see who won. I am hoping someone can provide an answer because I could not find one.

Another big change; computers. The print now days looks

smoother, the graphics are better and dot coms are everywhere. To highlight the point; this was an article that Scott Lickteig submitted for the August 2001 newsletter that you could not foresee 20 years ago. The article goes:

"A couple from Minneapolis decided to go to Florida for a few days to thaw out during the cold weather. Both worked so they had difficulty coordinating their schedules so the husband left one day ahead of his wife. Upon his arrival in Florida he decides to send his wife back in Minneapolis an email; however he made one small mistake in the email address.

In another part of the country; a widow had just returned from her husband's (a retired minister) funeral. She decides to check her email. Upon reading her first message; she screamed, fainted and fell to the floor. Her son rushed into the room and found his mother on the floor.

He glanced at the computer and saw he following message. "To my loving wife. I've just checked in. Everything has been prepared for your arrival tomorrow. I'm looking forward to seeing you then.

This month's "News that's Not" is submitted by Steve Longacre:

DUE TO THE POPULARITY OF THE SURVIVOR SHOWS, TENNESSEE IS PLANNING TO DO ITS OWN, ENTITLED "SURVIVOR—TENNESSEE STYLE"

The contestants will start in Greenville; travel up to Elizabethton and on to Hampton and Roan Mt. Then, they will head over to Mountain City and down to Kingsport and over to Rogersville. From there, they will proceed up to Bristol, then back around through Johnson City, Erwin, and finally end up in Newport.

Each will be driving a pink 1982 Volvo with New Jersey license plates and large bumper stickers that read:

Your Devoted Husband

P.S. "I can't believe how hot it is down here."

To show how things remain the same; there is something that I have seen in many of these newsletters. Club participation. In at least half of the newsletters that I have read covering the last 20 years, the request is placed for members to come to the shows, bring their cars if they can, just participate someway....anyway. Makes me wonder what happened to the "Members Cars" feature. Was it lack of interest...lack of cars...or was it the cost of publishing? Maybe that is another answer someone can provide.

I have only been in the club a little over a year and I need the knowledge. If you have articles or newsletters that will help show our past; please pass them along. Sorry for being so long winded but this was my first time out of the corral and I needed a good run.
