### FLAGS AND CONTROLS:

**Green Flag** Go, Go, Go.

**Yellow Flag** Caution on the track, no passing, reduce speed, look for dangerous conditions.

**Black Flag** Individual drivers may be black flagged for various reasons. Driver must return down Pit Road and see the grid marshal for instructions.

**Blue/Yellow** Passing flag may be waved or displayed to individual drivers. At the next passing location, allow the traffic behind you to pass. You are holding up traffic.

**Red Flag** Track is closed. Come to a controlled stop where you are on the track. Stop on the left paved shoulder of the track and stay in your vehicle. Emergency vehicles may need access to a situation on the track.

**Checker** Once the checker is thrown, the session is over. Slow down and put your car in a higher gear and use that final lap to cool down your vehicle. Exit the track at the Pit Road at the end of that lap. **Do not take another lap** as a cool down. Immediately exit the track at the pit road entrance and return to the garage.

**Convertibles** All convertibles must run with their top down. Convertibles must run in the Novice or intermediate class only, unless equipped with roll cage or approved Roll bar.

**Driver Meeting:** All drivers must attend the mandatory driver meeting and receive a wristband  
Tech Inspection and all cars must pass tech inspection and receive a driving class number
